Let another man praise thee, and not thine own mouth; a stranger, and not thine own lips.

Department News

Each City department has assigned representatives to work on a couple of new projects that are very important to the city.

1. The web design for the city and their respective departments. With the new website each department will be able to update their section with more timely news and information.
2. Updating the Personnel Policies and Procedures Manual for city employees. This has been on the "back burner" for a number of years. They have access to MTAS if necessary and when finished it will be reviewed and edited by City Attorney Sandy McPherson.

- **Fire Department** employees have been busy sanding the service truck they received from the Rescue Squad. They ordered new lights for it and hope to have it painted this week and in service shortly thereafter.
- The **Police Department** is already collecting non-perishable food for their November food baskets. If you have wondered about the cans of sweet potatoes lined in front of the Water Department windows—now you know why. Please feel free to join us by buying an extra can of sweet potatoes the next time you go grocery shopping!

Fire Department Project

Before

After Sanding

And the painting begins!

This service truck **was purchased by the Kingston Fire Department from the Roane County Rescue Squad.** Fire Dept. Captain Lisa Crawley and her crew have done a great job in refurbishing it for use by Kingston.

Great job as usual Kingston Firefighters!
