Department News

← Water Dept. employees prepare to repair a sewer line under a sidewalk.

Kingston Fire Chief Willie Gordon holds one of the new air paks, purchased as replacements for the original ones, following reimbursement from The Pool. A glitch in the compressor when servicing the paks caused them to be unusable. See training picture at the bottom of the page for the new paks.

In August a total of 300 participants from all over the Southeast competed in the "Storm the Fort" Iron Man Triathlon in Kingston. The race consisted of events in swimming, biking, and running.

Firefighters train with new air-paks.

A TIP FOR TENNESSEANS

Avoid the Burn!

It's the height of summer when we're enjoying the outdoors and catching some rays, but it is vital to protect your skin from the sun—even on cloudy days. Taking the right measures today may help you avoid sunburn, wrinkles, and even skin cancer down the line.

Use this simple checklist to stay sun-safe all summer:

- **Cover Up.** Wear hats, sunglasses and clothing to protect you from the sun's strong UV rays.
- **Use Sunscreen.** Go for SPF 15 or higher. Reapply every 40 to 80 minutes and after sweating or swimming.
- **Stay in the Shade.** Avoid the sun between 9 a.m. and 2 p.m., when the sun's rays are strongest. Head for shade whenever possible.
- **Check your Skin.** Every once in a while, look for spots that have changed size, color, shape or feel and report to your doctor if you notice any changes.

Kindness gives birth to kindness.

A kind man benefits himself, but a cruel man brings trouble on himself.
