Cindy Ross, Director of the Aid to Distressed Families of Appalachian Counties (ADFAC), presents new home keys to Kingston Resident Tom Allen. Allen's Third Street home was heavily damaged by a tornado in 2014, and thanks to federal and state funding, was rebuilt and presented to Allen during a home dedication ceremony on January 11th.

Department News

The City of Kingston had some help from a real Pro during the last snow storm. Check out our friend Sam at work and pictured with Councilman Don White, Mayor Tim Neal and Public Works Director Tim Clark.

Greetings—

Welcome to the 2015 Poster Contest Awards Event! The Fire Prevention Week Poster Contest held this past fall was, once again, a great success. The State Fire Marshal's Office received over 200 entries for this year's contest. Parents, you should be very proud of your child's achievement as the first-place winner for their grade from across the state of Tennessee.

Kingston Fire Chief Willie Gordon, 8th Grade Poster Winner Aaron J. Shultz, and Firefighter Michael Mungia are pictured on the right.

Finally, we would like to thank all of the poster contest winners, their families, and sponsoring fire departments for attending the awards event this year. We hope you will have a memorable time and a fire-safe 2016.

Gary L. West
Deputy Commissioner

The most disappointed people in the world are those who get what is coming to them.

A man's own folly ruins his life, yet his heart rages against the Lord.

A TIP FOR TENNESSEANS

Get the 4-1-1 on blood pressure.

Your blood pressure shows up as two numbers: 1) **systolic (top)** tells the pressure when your heart beats; and 2) **diastolic (bottom)** tells the pressure when your heart rests. High blood pressure (hypertension) can raise your risk for heart attack, stroke and other possible health issues.

- Normal: < 120/80 mmHg
- Pre-hypertension: 120-139/80-89 mmHg
- Stage 1 hypertension: 140-159/90-99 mmHg
- Stage 2 hypertension: ≥160/100 mmHg
