The 2014 Jingle Bell Run is December 14th at Market Square in Knoxville. I was diagnosed with juvenile arthritis at age 16 and have struggled with it for years. After running in my first 5k last year I decided to try for a team and raise money to help fight this disease that affects so many people around the world. You can join my team "Joint Effort" or donate to the team at knoxvillejbr.kintera.org.

From the City Manager. . .

First of all, I want to thank all of you who have so graciously kept our son Carter in your thoughts and prayers. Your caring and compassion mean the world to us as we continue on what we hope and pray will ultimately be a slow road to a complete recovery. Carter is getting a bit better every day, and for that we are truly blessed.

This continues to be a very busy time for the City of Kingston. Many things are happening across all departments, and you'll never know how much I appreciate the hard work that each of you put in to making sure that we never stop striving to be the best we can possibly be.

I once saw a picture of a multi-million dollar mansion that collapsed, killing everyone inside. The cause wasn't a tornado or an earthquake; it was simply built on a weak foundation. As expensive and beautiful as the house was, and despite how proud the owners must have been of their showplace, it crumbled because not enough attention was put on what mattered most.

This is an exciting time to be in Kingston! The city has accomplished a lot of great things and there will be more to come. However, I want each of you to know that our successes will stand because of each of you. You are the foundation for everything we do, and a large part of what makes this city great.

"The achievements of an organization are the results of the combined efforts of each individual."

—Vince Lombardi

That you may retain your self-respect, it is better to displease the people by doing what you know is right, than to temporarily please them by doing what you know is wrong.
