ACKNOWLEDGEMENT REGARDING BIDDER SAM REGISTRATION

Contractors procured directly by grantees, sub-grantees, and/or sub-recipients of the American Rescue Plan Act (ARPA) funds, are required to have an active registration in the System of Award Management (SAM). This document shall be completed and submitted as part of the bid proposal.

1. By submitting this proposal, the prospective bidder certifies that it has an active registration in SAM that is not set to expire within the next 90 days.
2. By submitting this proposal, the prospective bidder certifies neither it, its principals nor affiliates, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
3. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that an erroneous certification was rendered, in addition to other remedies available to the Federal Government, the Department or agency with which this transaction originated may pursue available remedies.
4. Further, the prospective bidder shall provide immediate written notice to the person to which this proposal is submitted if at any time the Participant learns that this certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. By submitting this proposal, it is agreed that should the proposed covered transaction be entered into, the prospective bidder will not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction unless authorized by the agency with which this transaction originated.
6. It is further agreed that by submitting this proposal, the prospective bidder will include Certification of Subcontractor Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion without modification, in all lower-tier covered transactions and in all solicitations for lower-tier covered transactions.

Provide the following information as detailed in the prospective bidder's SAM registration:

Entity Name Kustom Signals, Inc.

Address 10901 W 84th Terrace, Suite 100

City: Lenexa State: KS Zip: 66214

SAM Entity ID: YA4UMY1JJ423 Expiration Date: 11/3/2023

Active Exclusions: ☐ Yes ☒ No

**IRAN DIVESTMENT
ACT**

In compliance with the Iran Divestment Act (State of Tennessee 2016, Public Chapter No. 817), which became effective on July 1, 2016, certification is required of all bidders on contracts over \$1,000.

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party hereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to T.C.A. § 12-12-106.

I affirm, under the penalties of perjury, this statement to be true and correct.

11/15/2022

Date

Signature of Bidder

Kustom Signals, Inc.

Company

A bid shall not be considered for award nor shall award be made where the foregoing certification has been complied with; provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefor. Sevier County may award a bid to a bidder who cannot make the certification, on case-by-case basis, if:

1. The investment activities in Iran were made before July 1, 2016, the investment activities in Iran have not been expanded or reviewed on or after July 1, 2016, and the person has adopted, publicized, and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran; or
2. Sevier County makes a determination that the goods or services are necessary for Sevier County to perform its functions and that, absent such an exemption, the political subdivision will be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

CERTIFICATION OF SUBCONTRACTOR REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND EXCLUSION

Contractors procured directly by grantees, sub-grantees, and/or sub-recipients of the American Rescue Plan Act (ARPA) funds, must provide information concerning the entity's debarment, suspension, ineligibility or exclusion status. This document shall be completed and provided to the prime contractor.

1. By signing and submitting this proposal, the prospective lower-tier participant certifies that neither it, its principals nor affiliates, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. Further, the Participant provides the certification set out below:
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that an erroneous certification was rendered, in addition to other remedies available to the Federal Government, the Department or agency with which this transaction originated may pursue available remedies.
3. Further, the Participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the Participant learns that this certification was erroneous when submitted or has become erroneously reason of changed circumstances.
4. By submitting this document, it is agreed that should the proposed covered transaction be entered into, the Participant will not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction unless authorized by the agency with which this transaction originated.

The subcontracting entity may satisfy the requirement of this document via one of the two options below:

IN-CAR CAMERA SYSTEM SPECIFICATIONS

Complies		Specification
YES <input type="checkbox"/>	NO <input checked="" type="checkbox"/>	1. The manufacturer shall be ISO 9001 certified.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	2. All equipment shall be delivered within sixty (60) days from the date of bid acceptance.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	3. On-site In Car installation and training of Vermilion Parish Sheriff's Office designees for installations, up to (10) vehicles.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	4. System shall not require the use of the laptop / PC mounted in the patrol vehicle; but a laptop interface must be available as the controlling interface, and for viewing video.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	5. The system shall contain an integrated multi-axis accelerometer to detect vehicle crash with auto trigger.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	6. The system shall offer an optional touchscreen monitor as the controlling interface and for reviewing video.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	7. The Video System must be capable of capturing up to 30 seconds of pre-event video when a recording event has been triggered.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	8. The video system shall not have a proprietary video format.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	9. The video system shall be a non-Windows based operating system.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	10. The system shall record the GPS location and ground speed.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	11. The video system shall have the capability to record audio independently of the in-car video cameras.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	12. The system must be capable of recording all of the following Video formats 720p HD video (up to 1280 x 720 pixels) and VGA (640 x 480 pixels) and 1080p.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	13. The system shall be able to trigger a video recording session via a specified GPS ground speed.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	14. Recording session shall be activated via the wireless transmitter and/or external triggers, emergency lights, GPS ground speed, and by the push of an icon.
YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	15. The system shall allow the officer to input report data i.e.: case or citation number, incident classification.

Complies		Specification
YES <u>X</u>	NO <u> </u>	16. The system shall be capable of utilizing the departments existing cellular device to wirelessly transfer video to the departments existing server.
YES <u>X</u>	NO <u> </u>	17. The system shall interface with all Stalker and Kustom moving radar models.
YES <u>X</u>	NO <u> </u>	18. The backend software dashboard shall be accessible from any computer via the internet with proper username and password.
YES <u>X</u>	NO <u> </u>	19. The backend software shall store data in an SQL Database.
YES <u>X</u>	NO <u> </u>	20. Meta data shall be stored in the database.
YES <u>X</u>	NO <u> </u>	21. The backend software shall have the capability to capture, categorize, receive, store, purge, and archive all the video from vehicles and officer "body worn" video.
YES <u>X</u>	NO <u> </u>	22. The backend dashboard software shall have the capability to playback time-synched events.
YES <u>X</u>	NO <u> </u>	23. The backend dashboard software shall be able to share evidence through secure, time-sensitive URL's or burn locally.
YES <u>X</u>	NO <u> </u>	24. The Front Facing camera system is able to be mounted clear of the airbag deployment zone.
YES <u>X</u>	NO <u> </u>	25. The rear seat camera shall be equipped with IR illuminators to record color video in the day and B/W video in low light with an integrated built-in microphone in order to record audio in the rear cabin.
YES <u>X</u>	NO <u> </u>	26. In car audio is configurable with or without video recording.
YES <u>X</u>	NO <u> </u>	27. The recorded videos shall wirelessly transfer via cellular network device.
YES <u>X</u>	NO <u> </u>	28. The system must be able to start recording without the use of the MDT or a touch screen monitor.
YES <u>X</u>	NO <u> </u>	29. The main user controls on the interface shall include Start recording.
YES <u>X</u>	NO <u> </u>	30. The main user controls on the interface shall include the ability switch camera (front/rear) recording.
YES <u>X</u>	NO <u> </u>	31. The main user controls on the interface shall include the capability to take a still photo.

Complies		Specification
YES <u>X</u>	NO <u> </u>	32. The main user controls on the interface shall include the capability to automatically zoom in and then focus back to a wide angle with to one touch of the icon.
YES <u>X</u>	NO <u> </u>	33. The main user controls on the interface shall include the capability of viewing live radar data and recording.
YES <u>X</u>	NO <u> </u>	34. If licensing fees are required, must be bid for 3 years with option to renew.
YES <u>X</u>	NO <u> </u>	35. The proposed solution shall be capable of redacting.

BODY WORN CAMERA SYSTEM SPECIFICATIONS

Complies		Specification
YES__	NO <input checked="" type="checkbox"/>	1. The manufacturer shall be ISO 9001 certified.
YES <input checked="" type="checkbox"/>	NO__	2. The body worn camera must be a one-piece design, must not have any connected wires or cables.
YES <input checked="" type="checkbox"/>	NO__	3. The body worn camera must be capable of 1080p, and 720p, resolutions with configurable bit rate.
YES <input checked="" type="checkbox"/>	NO__	4. The body worn camera must be IP65 or greater dust / water resistant.
YES <input checked="" type="checkbox"/>	NO__	5. The body worn camera must record in a non-proprietary video format.
YES <input checked="" type="checkbox"/>	NO__	6. The body worn camera shall be configurable by system admin.

YES <input checked="" type="checkbox"/>	NO__	14. Body worn camera must be capable of capturing up to 30 seconds of pre-event video.
YES <input checked="" type="checkbox"/>	NO__	15. Body worn camera must include a docking station.

PRICE SHEET

Item# 001: IN-CAR CAMERA SYSTEM.

Description make and model Bid:

EyewitnessHD, 64GB SSD, MDC Control, Zoom Cam, ICM, Mini MDC Controller, GPS, Crash
Rear Cam. Vantage/Eyewitness HD wired and wireless interface kit (including Eye Portal, Mount, DC power
ethernet cable. Vantage Docking Station. SuperCap Back-Up Power Kit,
Additional configuration information and pricing breakdown available on proceeding quote.

Description and explanation of licensing:

No reoccurring licensing or subscription fees related to the usage and storage of footage
from the Eyewitness HD in-car video system. This allows the city to accurately budget
without the possibility of hidden fees or surprise future costs based on usage, or changes
in personnel or policy

Exceptions to bid specifications:

Shipping is being quoted as a lump sum instead of per item in order to benefit the city. Upon potential
award of bid, Kustom Signals may have additional shipping options that may potentially lead to additional
savings for the parish.

Although Kustom does not possess ISO 9001 certification, our products and manufacturing standards meet
the requirements for certification. Additionally, our products have, for decades, been the standard for functionality
and reliability. This is a testament to our manufacturing and customer service practices.

Item#001:

\$ 4,495 EACH Four-thousand four hundred and ninety-five
(Figures) (Amount written out)

Licensing#001 (3 years if applicable):

\$ 0 EACH No licensing
(Figures)

Shipping#001:

\$ 1,500 EACH One thousand five hundred dollars

Integrated vehicle & body-worn video.

Full 1080p High-Definition.

Cloud and local storage options.

affirmative.

Kustom Signals is offering a full HD (1080p) video package with fully integrated body-worn video and in-car video capabilities. With our robust back office, we offer a powerful digital video management solution that automatically and securely manages your digital evidence with redaction capabilities as needed. You choose between full cloud storage, local storage or a hybrid (best of both worlds).

Since 1965, we are Your Trusted Partner in Law Enforcement.

EYEWITNESS HD

Unsurpassed audio & video quality, intuitive user interfaces, configurable to departmental preferences, and capable of integrating Body Worn Video. Eyewitness HD is a trusted and smart choice for ICV buyers.

Intuitive User Interface

- 7" (18 cm) tablet with intuitive touch screen controller
- Interface with your MDC: includes convenient, compact controller
- Tablet and MDC interface share similar look and feel - officers easily transition in mixed fleets
- Simultaneous multi-camera live view and control improves situational awareness
- Add bookmarks, comments, case numbers to files to save time while searching and playing back*
- Copy a critical recording to USB for priority handling (password protected)*

HD Record Quality

- Record up to 1080p (true HD) on 2 cameras
- Rear seat camera records SD video to save storage
- Select the resolution/storage combination that is best for your agency: 1080p, 720p, D1 (480p)

compact controller for use with MDC

DVR

- 3 video channels (2 HD, 1 SD)
- 3 independent audio channels (1 in-car mic, 2 wireless)
- Independent lookback buffer on all channels capturing critical evidence that led to the recording
- Background recording option (records video continuously) captures important information officers may miss*
- Secure media restricts access to authorized personnel

Configurability

- Record triggers determine when camera(s) record
- Lookback buffer duration can be unique to each camera
- System can be configured with tablet controller or interfaced with agency MDC, or both
- System can be configured/integrated with body worn video

Audio Options

- Integrate Vantage audio with EyePortal system
- Enable Expanse_{DSS} audio with current system

* Eyewitness HD is a registered trademark of the manufacturer. All other trademarks are the property of their respective owners.

Intuitive user interfaces

Enhanced configurability

Integrates with BWV

Zoom Camera Features

- Selectable 1080p/720p/480p resolution
- Auto Zoom for close-up video of license plates with minimal interaction
- Wide Dynamic Range with quad-frame multi-exposure for superior performance in high contrast or backlit environments
- Day/Night function switches modes to boost sensitivity in low light
- 2D/3D noise reduction filters video noise for clearer results, especially in low light
- Superior performance and reliability (Sony cameras and Kustom ICV boast 20-years of enviable performance and quality)

mini HD Camera Features

- Selectable 1080p/720p/480p resolution
- Fixed focus and fixed focal length
- Can be used as the primary camera and/or rear/side facing camera
- Minimizes obstruction to the driver and is ideal for tight spaces
- Auto white balance, auto iris, auto backlight compensation
- Wide angle or standard angle camera options

Rear Seat Camera Features

- SD resolution (720x480)
- Fixed focus and focal length hands-free operation
- Auto day/night mode with IR LED's (record in darkness)
- 90° lens captures passenger compartment
- Integrated mic records audio inside the vehicle

Body-Worn Integration

- Files transfer wired or wirelessly* to the in-car SSD and can be played, classified and annotated inside the vehicle
- All files transfer to the back office together - officers don't have to dock their body cameras back at the station
- Files of the same event recorded by the BWC and ICV are associated for easy retrieval within Eyewitness Data Vault
- EyePortal supports wireless file transfers, bi-directional record activation
- Vantage body camera can provide wireless audio to EyeHD, replacing the standard audio transmitter
- Peer to peer record triggering * – Limit record activations to paired cameras only

Eyewitness HD - Data Sheet - USA Eng - Rev - 05/2020

Front Camera & Camera - choice of zoom or mini HD

Rear Camera - choice of zoom or mini HD

EyePortal - wireless file transfer

EyeHD

EyePortal

Standard System includes:

- Intuitive Controller: 7" (18 cm) touchscreen tablet or interface to your MDC
- HD (1080p/720p) front zoom camera with 120:1 zoom (10X optical) or mini HD
- Expanse wireless audio
- Rear seat/prisoner camera with internal mic
- Rugged DVR with removable 64GB Solid State Drive
- Supports 2 HD channels and 1 SD camera
- Enhanced record trigger configurability
- Free software upgrades for the life of the product
- Convenient user log-in associates officers with their recordings
- Records with H.264 for maximum efficiency (high quality video with less storage required)

Options

- Vantage as the in-car mic
- Integrate with Body Worn Video
- Redaction and cloud storage through Eyewitness Data Vault back-office software
- Solid State Drive expandable to 256 GB
- Rear-facing HD camera (1080p)
- 2nd Expanse wireless audio
- RADAR target speed record activation
- GPS enablement
- Crash record activation
- Post event recording
- Background recording
- Dual control: tablet and interface to MDC
- Menu security: control access to system's set up menu
- Wired or wireless file transfer
- Ignition interface (control system power – no interaction required)
- Delay power off – shuts power off automatically (e.g. after file transfers)
- Back-up battery
- Interface with Kustom radar

Value Package:

- Crash record activation
- GPS: coordinates system clocks across a fleet, includes bookmark feature to identify important events, record trigger, supports geo-searches in the back office

Eyewitness Data Vault Digital Asset Management System

The perfect partner for Eyewitness HD. Manage evidence from all Kustom Signals' digital in-car and body worn video systems as well as digital evidence from non-proprietary sources.

Configurable

- Highly scalable - supports small & large installations - store locally, to the cloud or both. Expand storage as needed.
- Flexible storage policy based on officer name, car number, file classification, etc. - Improves file management and resource efficiency
- Highly configurable user and user group management - determine which features within the program and the web interface are accessible to user/groups

Convenient

- Intuitive, user friendly interface simplifies learning and enables efficient use
- Compatible with Active Directory and LDAP - easily integrates with established login credentials

Secure

- Highly configurable rights management - determine who sees what
- Automatic file integrity checks (MD5) ensures authenticity
- Comprehensive audit reports track and validate chain of custody

Additional Features

- Geosearching - find files recorded within a geographic area
- Powerful search features improve the efficiency and accuracy of searches
- Dashboard application for convenient monitoring of system services/storage
- Web Interface - allows authorized officers to search and play files from web browser

Eyewitness Vantage

Officer Worn Video

**Tells the whole story
from the officer's
VANTAGE point.**

Eyewitness Vantage

Officer Worn Video

Vantage offers true HD video, excellent quality low light recording and wireless file transfer to Kustom's new Eyewitness HD in-car system*.

Overview

- Excellent low light performance:
 - Matches what the officer sees
 - Configure with day/night mode for even better low light performance
 - Optional IR LEDs for capturing video in total darkness (Agency configurable)
- Select the resolution/storage combination that is best for your agency: 1080p/30 fps, 720p/60 fps, 720p/30 fps, D1 (480p/30 fps)
- Simple, glove friendly operation allows officers to focus on important tasks
- Wide-angle done right: 120° - capture details others may miss with minimal distortion
- Docking station for convenient dock-and-go file transfers and battery charging

Preferred Features Made Standard

- Pre-event recording (configurable up to 30 seconds)
- GPS - store coordinates with bookmark, support for geo-searches and synchronized clocks
- Configurable audio mute button if needed to comply with privacy laws
- Bookmark button identifies important events saving time during review

File Security/Authentication

- Recording media is non-removable
- File access requires a secure FTP Ethernet connection between the Vantage docking station and EDV/EDV Lite
- MD5 hash is calculated for each file on the camera before transfer
- MD5 is calculated again after transfer and compared against the original MD5 value. Only if there is a match is the file allowed to be ingested into the database and purged from the camera
- Each file's original MD5 value stays with the file for its life on the database. All subsequent MD5 calculations are compared against the original value calculated by the camera to confirm authenticity

Multiple recording resolutions

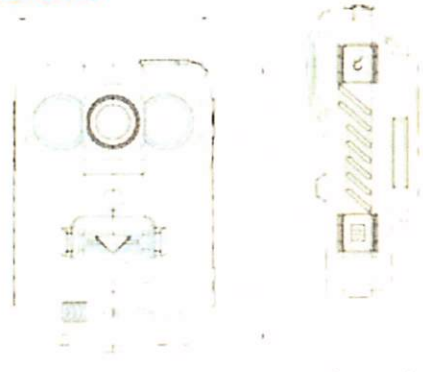

Excellent low-light capability

Superior file integrity

Specifications

Resolution:	Selectable - 1080p/30 fps, 720p/60 fps, 720p/30 fps, D1 (480p/30 fps)
Battery Life:	Up to 9 hours SD video, up to 8 hours HD video 720p
Power Save Mode:	96 hours
Internal Storage:	32GB
Record Capacity:	Up to 6 hours 1080p/30 fps, up to 6 hours 720p/60, up to 14 hours 720p/30, up to 17 hours 480p
Weight:	6 oz (169 g) excludes clip; 0.5 oz (17 g)
IP64 rated:	Protection from dust and water
Drop Test:	Complies with MIL STD 810G
Indicators:	Battery level, file transfer status, record status, audio mute, low media
Warranty:	One year

Dimensions

Options

- Mag-mount (used in lieu of supplied spring-clip)
- Multi-dock (supports six cameras - multiple multi-docks can be connected together to support larger fleets)
- File Management Software - see Eyewitness Data Vault and Eyewitness Data Vault Lite
- Extended no-fault warranty
- In car charging kit

Yardarm Holster Aware*

- Unholstering a weapon automatically starts a recording
- No officer interaction needed to capture critical events
- Officer attention remains on the event, not the camera
- Attain multiple angles of the situation when configured with two-camera triggering

In-Car Video Integration

- Files transfer to the in-car SSD and can be played, classified and annotated inside the vehicle
- All files transfer to the back office together - officers don't have to dock their body cameras back at the station
- Files of the same event recorded by the BWC and ICV are associated for easy retrieval within Eyewitness Data Vault
- EyePortal supports wireless file transfers, bi-directional record activation
- Vantage body camera can provide wireless audio to EyeHD, replacing the standard audio transmitter
- Peer to peer record triggering - Limit record activations to paired cameras only

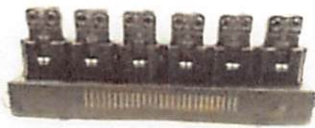

Vantage File Transfer Options

Stand-Alone

Insert docking station into file transfer station (charging). This can also function as a file transfer download station.

Eyewitness Data Vault 3

Digital Asset Management System

Intuitive, secure file management... now available with Kustom's Kloud Ownership Promise!

Configurable

- Highly scalable - supports small & large installations - utilize storage locally, to the cloud, or both
- Flexible storage policy based on officer name, car number, file classification, etc. - Improves file management and resource efficiency
- Highly configurable user and user group management - determine which features within the program and the web interface are accessible to users/groups

Convenient

- Intuitive, user friendly interface simplifies learning and enables efficient use
- Compatible with Active Directory and LDAP - easily integrates with established login credentials
- Ingest groups of files (i.e. photos) together and link to a case number
- Easily share content including reports and associated files on media or the web

Secure

- FedRAMP and CJIS compliant cloud storage
- Highly configurable rights management - determine who sees what
- Automatic file integrity checks (MD5) ensures authenticity
- Comprehensive audit reports track and validate chain of custody

Additional Features

- A/V redaction capabilities are built-in, provided at no additional cost
- Multi-camera synchronized playback feature
- Multiple options for sharing evidence
- Powerful search features improve the efficiency and accuracy of searches
- Dashboard application for convenient monitoring of system services/storage
- Web Interface - allows authorized officers to search and play files from web browser

Highly scalable

A/V Redaction built-in

Secure user management

KUSTOM SIGNALS, INC.®

Storage Options

Full Kloud Storage*

- All evidence stored safely and securely in a CJIS compliant Azure Government data center
- Protection from hardware failure
- Protection from unauthorized access
- Instant, easy file sharing

Hybrid Kloud Storage*

- Store only those evidentiary files you choose to the cloud
- Non-evidentiary files can be stored with on-premises storage
- All of the benefits of cloud storage at a much lower cost
- Scale into cloud at your own pace

* Cloud performance is subject to ISP and bandwidth limits

Fixed Kloud Storage*

- Use a fixed amount of Eyewitness Kloud Storage, tailor-fit to Agency needs
- Includes all of the features and benefits of Full Kloud Storage while providing a fixed cost solution based on pre-determined storage limits

Local Storage

- On-premises storage with fixed costs
- Fastest and most cost effective
- No internet bandwidth requirements

Our Kloud Ownership Promise

Kustom Signals will honor your Agency's ownership of video assets collected and will not require multi-year commitments. If you choose not to renew your annual Kustom Kloud agreement, Kustom Signals will facilitate the return of your files, allowing them to be managed by your EDV3 installation as on-premises storage.

READ AND ADOPTED this the 13 day of December 2022.

CITY of KINGSTON, TN:

MAYOR

ATTESTED:

CITY CLERK

RESOLUTION NO. 22-12-13-02

**A RESOLUTION TO REQUEST THE LEGISLATIVE DELEGATION FOR
ROANE COUNTY, TENNESSEE, TO SUBMIT AN ACT TO
AMEND THE CHARTER OF THE CITY OF KINGSTON
RELATIVE TO THE SUBMISSION BY THE MANAGER OF A
PROPOSED ANNUAL BUDGET**

WHEREAS, the City Charter of the City of Kingston, Tennessee provides in Article VII, Section 7.02 that each year on a date fixed by the council but not later than ninety (90) days prior to the beginning of the fiscal year, the manager must submit a proposed budget for the next fiscal year; and,

WHEREAS, the City Council has caused an act to be drafted to change the City Charter to exchange the number of days prior to which the manager must submit a budget for the next fiscal year from ninety (90) days to thirty (30) days.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF KINGSTON that the legislative delegation for Roane County, Tennessee seek passage of the private act, a copy of which is attached hereto by the General Assembly of the State of Tennessee.

Adopted: 12-13-2022

Mayor

ATTEST:

City Clerk

PRIVATE CHAPTER NO. _____

BY HOUSE BILL NO. _____

AN ACT to amend the Charter of the City of Kingston (Chapter 328 of the Acts of 1903 as amended by Chapter 298 of the Private Acts of 1972) under Section 7.02 of Article VII relative to the time in which to submit a proposed budget for the next fiscal year.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Article VII, Section 7.02 of Chapter 328 of the Acts of 1903 as amended by Chapter 298 of the Private Acts of 1972 is further amended by deleting the beginning paragraph in its entirety and substituting therefor the following language:

"On or before a date fixed by the council but not later than thirty (30) days prior to the beginning of the fiscal year, the manager shall submit to the council a proposed budget for the next fiscal year. The budget shall present a complete financial plan for the ensuing year, including at least the following information:"

SECTION 2. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of the City of Kingston. Its approval or non-approval shall be proclaimed by the presiding officer of the City Council and certified by him to the Secretary of State.

SECTION 3. For purposes of approving or rejecting the provisions of this act, it shall be effective upon becoming law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 2.

Resolution: 22-12-13-03
A RESOLUTION AUTHORIZING
THE CITY OF KINGSTON
TO PARTICIPATE IN
THE CYBER SECURITY PARTNERS MATCHING GRANT
PROGRAM

WHEREAS, the cyber security safety of the City of Kingston is of great importance; and

WHEREAS, all efforts shall be made to provide a reduced liability for the City of Kingston employees; and

WHEREAS, Public Entity Partners seeks to encourage secure cyber environment by offering Cyber Security Partners Matching Grant Program; and

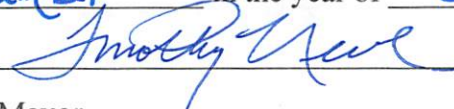

WHEREAS, the City of Kingston now seeks to participate in this important program.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF KINGSTON, TENNESSEE the following:

SECTION 1. That the City of Kingston is hereby authorized to submit application for a *Cyber Security Partners Matching Grant Program* through Public Entity Partners.

SECTION 2. That the City of Kingston is further authorized to provide a matching sum to serve as a match for any monies provided by this grant.

Resolved this 13 day of December in the year of 2022.

Mayor
